That was my whole life but until I discovered something very rare. I was in P.E when this discovery happened. I was changed ready for English when Snotlout and his gang

Snotlout: What do you know it's Hiccup the Useless

Then his group laughed at me.

Me: Leave me alone

Then I started to walked away until Snotlout punched me in the face then I fell into the ground I tried to stand up but Snotlout kicked me in the face and my stomach which really hurts I was crying which they started laughing so I yelled.

Me: STOP IT PLEASE STOP!

Then a lightbulb broke into little tiny pieces, that made them Shut up, and walk away. I was alone, sobbing then I noticed something running in my nose. Blood. Then Astrid heard me yell so she came in the locker room saw me all alone.

Astrid: (Gasp) Hiccup are you okay?

She saw my bruises and my and nosebleed and got scared

Me: (Scared) Help me

Astrid: We have to get you to the nurse right way

So we went to the nurses office to heal my wounds

Nurse: You're wounds are very deep, I'm calling your mother to pick you up.

I knew what my mom will do to me if she found out.

Me: No I'll walk by myself

Astrid: Are you sure?

Hiccup: Yeah

Astrid: Want me to come with you?

Sure I needed company in case something happened so I nodded

Nurse: You two be careful, okay

Astrid: We'll be fine

Hiccup: Thank you

Nurse: Your welcome

So we headed out to go to my place but Astrid told me if we wanted to eat, so I said "yes".

Then we went to Subway to eat that is when Astrid asked me a question.

Astrid: What happened when you where in there Hiccup? You know I'm

your friend you can tell me anything.

So I took a deep breath and then told her about Snotlout and his gang beating me up and them calling me Useless.
